SUPPLEMENTAL ELECTION WITH TRAVERSE

Commissioner for Patents

Washington, D.C. 20231

Dear Sir:

In response to the Office Action dated May 21, 2002 (Paper No. 6), please consider the accompanying remarks.

REMARKS

Claims 1-63 are in the application.

Restriction / Election

SS
overseen.

The present Office Action asserts that Applicants' previous Election was not fully responsive to the Office Action dated September 17, 2001 (Paper No. 4) because the election of species requirement is incomplete. Applicants previously provided a provisional election of Group I (Claims 1-42 and 44-63) and further provided a provisional election of shape retention polymers as a species within component (A), with traverse. However, the Office Action now asserts that Applicants must further elect a single disclosed species within component (A) of Claim 1. For example, the Office Action suggests electing the shape retention polymer species of Claim 13, 16, 20, 23, 24, or 25. In compliance with this requirement, Applicants hereby provisionally elect the shape retention polymer species of Claim 13, with traverse.

Applicants hereby traverse the present restriction requirement based on the following remarks.
